

New Arcimoto 2020 FUV Limited Warranty

LIMITATION OF WARRANTIES AND OTHER WARRANTY TERMS AND STATE LAW RIGHTS

EXTRA EXPENSES - LIMITATIONS OF DAMAGES

THIS LIMITED WARRANTY IS THE ONLY EXPRESS WARRANTY MADE IN CONNECTION WITH YOUR VEHICLE. This warranty does not cover incidental or consequential damages, such as loss of use of the vehicle, inconvenience, commercial loss (including loss of pay or revenue), or other damages, including, but not limited to, transportation, lodging or personal costs.

ANY IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE SHALL BE LIMITED TO THE DURATION OF THIS EXPRESS WRITTEN WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This warranty gives you (the owner) specific legal rights, and you may also have other rights which may vary from state to state.

The performance of necessary repairs is the exclusive remedy under this warranty or any implied warranties. Arcimoto does not authorize any person to create for it any other warranty, obligation, or liability in connection with this vehicle.

GENERAL INFORMATION

At Arcimoto, we will make any repairs or replacements necessary to correct defects in material or workmanship arising during the warranty period without charge to the owner. All we ask is that the FUV is properly maintained and cared for, and that it is presented to an authorized Arcimoto Service Center at the owner's expense for warranty repairs.

Please note the difference between "defects" and "damage" as used in this warranty. Defects in materials and workmanship are covered for the period specified. However, Arcimoto has no control over damage caused by circumstances including, but not limited to, collision, misuse, and lack of or improper maintenance. Therefore, as outlined further below, damage for these and other reasons is not covered by this warranty.

VEHICLES COVERED

Arcimoto warrants to the original owner of a new FUV that any authorized Arcimoto Service Center will make any repairs or replacements necessary to correct defects in material or workmanship arising during the warranty period.

This warranty is provided to the original owner of a new FUV originally manufactured and sold by Arcimoto in the United States. This warranty is generally transferable to subsequent owners of the vehicle at any time ownership is transferred without action on the part of the owner, except that this warranty is not transferable (but is VOID) if the vehicle is registered outside of the United States.

THE WARRANTY BEGINS

The warranty period begins on the date the vehicle is delivered to the first retail buyer or put into service (such as by lease or otherwise), whichever is earlier.

FOR HOW LONG AND WHAT IS COVERED

The coverage period is for 36 months or 36,000 miles, whichever occurs first.

The warranty covers any repairs needed to correct defects in materials or workmanship of all parts and components of each new vehicle supplied by Arcimoto, subject to the exclusions listed in the section “WHAT IS NOT COVERED.”

Parts replaced under warranty will be covered for the balance of the warranty.

REPAIRS MADE AT NO CHARGE

Warranty repairs will be made at no charge for parts or labor.

Note that tires are covered by a separate warranty issued by the tire manufacturer. In this case, there may be certain charges as described in the separate tire warranty.

PARTS REPLACEMENT

Any needed parts replacement will be made using Arcimoto-approved new or re-manufactured parts. The decision whether a part should be repaired or replaced will be made by Arcimoto.

Arcimoto reserves the right to make changes at any time, without notice, to production or service parts in their specifications, colors, or materials, including those used for warranty repairs. As a result, replacement parts may not exactly match the original vehicle part. All replaced parts or other components are the exclusive property of Arcimoto unless otherwise provided under applicable law.

OBTAINING WARRANTY SERVICE

Any authorized Arcimoto Service Center of the owner's choice will perform warranty repairs or replacements. The FUV must be delivered to an authorized Arcimoto Service Center during normal service hours, at the owner's expense.

A reasonable time should be allowed after taking the FUV to an authorized Arcimoto Service Center for performance of the repair. Occasionally, delays in repairs occur due to back-ordered parts and other circumstances outside Arcimoto's control. Delays occurring for such circumstances will not be considered an unreasonable performance of the repairs.

MAINTENANCE, DATA ACCESS, AND RECORDS

It is the owner's responsibility to maintain the FUV according to the Maintenance Schedule outlined in the Owner's Manual. All maintenance services must be accomplished to keep the warranty coverage valid.

When requesting service or repair work under this warranty, the owner must present to the authorized Arcimoto Service Center evidence that the periodic servicing requirements have been accomplished. Electronic receipts covering completion of required servicing are available through the Arcimoto Service Portal in the event a question arises concerning maintenance.

These receipts should be transferred to each subsequent owner of the FUV.

If the owner has a warranty claim and electronic records indicate that the FUV has received the required servicing, the authorized Arcimoto Service Center will perform the warranty work without charging for parts and labor.
